

## ACEM STATISTICAL RELEASES FAQ

### **Can ACEM provide detailed data on registrations by vehicle brand and cylinder capacity?**

ACEM does not provide vehicle brand- and cylinder capacity data to its members nor third parties. Several national associations, however, publish vehicle registrations per brand or cylinder capacity for their country of activity. For a full list of these associations please visit: <https://www.acem.eu/acem/members>.

### **Does ACEM have data on kick-scooters?**

No. Most national authorities across Europe do not collect detailed data on kick-scooters and other micro-mobility means of transport. Therefore, ACEM does not have access to that data.

### **Where can I get information about registrations of quadricycles?**

Detailed Information on quadricycle registrations may be retrieved via the European Association of Quadricycles Manufacturers ([EQUAL](#)).

### **Where can I get information about registrations of all-terrain vehicles?**

Information on all-terrain vehicle registrations may be retrieved via the All-Terrain Vehicle Industry European Association ([ATVEA](#)).

### **Does ACEM have data on electric bicycles?**

No. Information on electric bicycles may be retrieved via the Confederation of the European Bicycle Industries ([CONEBI](#)).
